COMPOSITES

Index to volume 3

Advisory Editorial Board
L. Ainsworth, Redland Research & Development Ltd, Reigate, Surrey

L.C.F. Blackman, Fibreglass Ltd, St.Helens, Lancashire

D.H. Bowen, Atomic Energy Research Establishment, Harwell, Didcot, Berkshire

A. Kelly, National Physical Laboratory, Teddington, Middlesex

R.M. Ogorkiewicz, Imperial College, London

B. Parkyn, Scott Bader & Co Ltd, Wollaston, Wellingborough Northamptonshire

L.N. Phillips, Royal Aircraft Establishment, Farnborough, Hampshire

B.R. Steele, Building Research Establishment, Garston, Watford

Overseas correspondents
Australia **A.A. Baker**

Titles

Anisotropy in asbestos-filled PVC, Ogorkiewicz, R. M. 230
Chemistry and properties of epoxide resins, Garnish, E. W. 104
Chemistry of polyester resins, Parkyn, Brian 29
Composite materials and the designer, Wells, A. A. 112
Coupled glass-fibre/polypropylene composite — an initial evaluation, Richards, R. W. and Sims, D. 168
Design and application of boron/aluminium to flight structures, Forest, J. D. ... 16
Design and construction of a large, fully automated tape-placement machine for aircraft structures, Hardesty, E. E. 248
Designing engineering components and structures in composite materials, Paton, W., Ortchison, S. C. and Lockhart, H. 119
Design of airframe components in carbon-fibre composite, Taig, I. C. 20
Effects of process and test variables on the properties of carbon-fibre / epoxide-resin composites, Dominic, C. J., Fairbairn, G. and Garnish, E. W. 264
Evaluation of stiffness of polypropylene sandwich mouldings, Ogorkiewicz, R. M. and Mucci, P. E. R. 75
Fabrication and testing of epoxide resin tensile specimens, Chiao, T. T., Commins, A. D. and Moore, R. L. ... 10
Failure characteristics of polyurethane-foam-cored struts, faced with hardboard, Kelly, M. 175
Fibre-air-entrained concrete, Thomas, J. A. G. 71
Fibre composites as construction materials, Thomas, J. A. G. ... 62
The fracture toughness of fibre composites, Phillips, D. C. and Tetelman, A. S. 216
Health hazards of asbestos, Gilson, J. C. 57
HMS Wilton — a glass-reinforced plastics minehunter, Thomas, J. A. G. 79
The important role of reinforced polyester in pollution control, Varland, R. H. and Longenecker, D. M. 224
Improving the impact resistance of glass-fibre composites, Wrzesien, A. 172
The international status of reinforced plastics, Wells, H. ... 125
Metal-matrix composites - research in the UK, Jones, R. W. 34
Precise alignment and uniform distribution of fibres in a metal matrix, Berghezan, A. ... 200
Press moulded flanges for GRP pipe systems, Fiddes, D. E. and Lazarou, J. 254
Radiation polymerized composites based on wood: new materials for use in corrosive environments, Hills, P. R. ... 211
Safe use of asbestos plastics, Holmes, S. 60
Sheet moulding compounds, Molyneux, M. 259
Steel fibres in mortar and concrete, Lankard, D. R. 65
The strength of fibre composites, Harris, Bryan 152

Conference reports

Designing with composite materials, Institution of Mechanical Engineers, London (28 Oct 1971) 41
Failure modes in composites, the Institute of Metals Division, Composite Materials Committee at the annual spring meeting of the AIME, Boston, USA (8-11 May 1972) 275
Filament winding II, The Plastics Institute, London (15-16 March 1972) 178
Handling and manipulation of composite materials, Shirley Institute, Manchester, UK (27 Jan 1972) 130
The mechanical properties of ceramics, fibres and composites, Institute of Physics and British Ceramic Society (15-16 Dec 1971) 86
Meeting of German Society for Metallurgy, Konstanz, Germany (16-17 March 1972) ... 180
Plastics in building, EFTA Plastics Association, Copenhagen, Denmark (12 April 1972) 181
The properties of fibre composites, National Physical Laboratory, Teddington, UK (4 Nov 1971) 83
Sixth St Louis Symposium on Composite Materials in Engineering Design, Monsanto Company and Washington University ARPA Research Project (11-12 May 1972) 271
27th SPI Reinforced Plastics/Composites Conference. Washington, USA (8-11 Feb 1972) 131

Book reviews

Cockayne, B. and Jones, D. W. (Editors), Modern oxide materials 278
Duck, E. W., Plastics and rubbers (Chemistry in modern industry series) 234
Gill, R. M., Carbon fibres in composite materials 88
Ives, G. C., Mead, J. A. and Riley, M. M., Handbook of plastics test methods 235
Markovitz, H. (Editor), Polymers in the engineering curriculum 43
Martin, J. W., Strong materials 235
McCullough, R. L., Concepts of fiber-resin composites 88
Moss, J. B., The properties of engineering materials 234
Ritchie, P. D. (Editor), Plasticisers, stabilisers and fillers ... 279
Skeist, Irving (Editor), Reviews in polymer technology, Volume I 278
Smith, A. I. and Nicholson, A. M. (Editors), Advances in creep design 234
Wake, W. C. (Co-ordinating Editor), Fillers for plastics ... 89
Walton, J. D., Jr (Editor), Radome engineering handbook 137

Abstracts

Abstracts of patents 44, 90, 138, 186, 236, 280
Abstracts of journals 47, 95, 142, 189, 238, 284
